

EQUITABLE CHARITABLE FOUNDATION GRANT GUIDELINES

Equitable Bank has a rich history of community involvement in the communities it serves. This commitment was recently strengthened with the establishment of the Equitable Charitable Foundation.

Equitable Foundation provides these guidelines to assist your organization as you prepare your grant proposal. Like most giving programs, Equitable Foundation receives far more requests for support than it can approve. We encourage all agencies, whether they receive a grant or not, to keep us informed of their activities. This proves to be very helpful for future review and consideration for grant dollars.

Giving Focus

Equitable Foundation is keenly interested in funding community development via affordable housing, job training, and programs that assist the economically disadvantaged. We believe that education of our youth is our future and special emphasis will be given to educational efforts. Programs providing continued quality health care and supportive human service programs are also a priority. We also will support local cultural groups and institutions knowing these grants will broaden access to cultural and art activities and will enhance the quality of life in the communities in which Equitable Bank operates. Most importantly, your request should be clear, well thought out, and contain realistic and measurable goals.

Restrictions

1. Equitable Foundation will fund only 501(c)(3) organizations and those with “public charity” status or its equivalent.
2. There will be no funding to political or fraternal organizations or individuals.
3. Organizations will not automatically be considered for funding the following year. Proposals with updated attachments will need to be submitted.
4. In some cases, site visits will be scheduled before funding decisions are made, and the organization may be requested to make a presentation to the Equitable Foundation Board regarding their grant proposal.
5. Equitable Foundation’s primary target areas are the communities in which Equitable Bank operates. We are particularly interested in communities with diverse needs as well as areas where Equitable Bank is an integral part of the neighboring business community.

Additional Information

Every foundation and corporate giving program has its own unique guidelines and mission. How decisions are arrived at, who makes them, how much to give and to whom, are just a few of the areas that you will find important to research as you negotiate your way through this grant process. Keep in mind that guidelines change and are often flexible.

We hope these guidelines are helpful. If questions still remain, you are welcome to contact Gary Kruse, President of the Equitable Charitable Foundation Board at (308)382-1661. All proposals should be mailed to:
