## Second Quarter 2021 Highlights

- Equitable Financial Corp, parent company of Equitable Bank, reported profits of $\$ 1.1$ million for the second quarter of fiscal year ending June 30,2021 , or $\$ 0.39$ per share, compared to $\$ 869,000$, or $\$ 0.28$ per share for the second quarter of fiscal year June 2020.
- Net interest income increased $\$ 465,000$, or $16 \%$ during the second quarter of fiscal year June 2021 compared to the first quarter in fiscal year June 2020. While interest income increased year over year by $\$ 170,000$, or $4 \%$, this increase is related to Payroll Protection Program fee income recognized. Interest rates have decreased on loans due to the current rate environment. Interest expense decreased year over year by $27 \%$ due to lower interest rates.
- Net loans declined $\$ 3.6$ million, or $1 \%$ to $\$ 338.1$ million on December 31, 2020, compared to $\$ 341.7$ million on June 30, 2020. This decrease is the net effect of new loans booked offset by loans forgiven as part of the Payroll Protection Program. Provision for loan loss recorded during the quarter ended December 31, 2020 was $\$ 79,000$. This is due to improved asset quality and low levels of past due loans.
- Noninterest income increased $\$ 1.3$ million, or $45 \%$, to $\$ 4.1$ million for the first six months of fiscal year ending June 30, 2021 compared to $\$ 2.8$ million for the first six months of fiscal year ending June 30, 2020. The majority of this increase is from gain on sale of loans, with a $144 \%$ increase. For the first six months of the fiscal year ending in June 2021, $\$ 1.7$ million was recorded for gain on sale of loans. For the first six months of the fiscal year ending June 2020, \$694,000 was recorded. This increase is attributable to low interest rates in the mortgage area.
- Noninterest expense increased $\$ 1.3$ million, or $21 \%$, for the first six months of fiscal year June 30, 2021. The majority of the increase was in salaries and employee benefits. Salaries and employee benefits increased $\$ 1.0$ million, or $30 \%$, to $\$ 4.4$ million for the first six months of fiscal year June 30, 2021 from $\$ 3.3$ million for the first six months of fiscal year June 30,2020 . These increases are a result of higher productions in several areas as well as growth. Data processing fees increased $\$ 124,000$, or $30 \%$. This increase is related to credits received in the previous year for converting to a new core platform and increased volumes. Loan expense also increased for the first six months of June 30, 2021 by $\$ 203,000$, or $50 \%$, this is a result of increased mortgage volume due to a low interest rate environment.
- Total assets were $\$ 412.1$ million as of December 31, 2020, an increase of $\$ 17.7$ million, or $4 \%$ from June 30, 2020; this increase is due to an increase in interest bearing deposits due to increased deposits. Deposits increased $\$ 24.4$ million, or $7 \%$ to $\$ 352.7$ million on December 31,2020 compared to $\$ 328.3$ million on June 30, 2020.

During the quarter, the company repurchased 40,766 shares of stock for a total of $\$ 493,888$, at an average price per share of $\$ 12.12$.

President and CEO, Tom Gdowski, stated "the financial results for the second quarter continue to reflect strong operating performance of the Bank. While the pandemic has created disruption to our normal operations, we have been able to adapt and continue to serve our customers supporting them during this difficult time. Our focus is on our customer needs and insuring they are aware of all available support to deal with the disruptions the pandemic has created within their businesses."
